FEBRUARY, 2026

****MARK YOUR CALENDAR****

March 6th - Cultural Day

March 10th - 20th - Mothers Participation Programme

March 27th - End of Term

Kindly read a note from your child's teacher below

Footsteps Families,

The first half of the term has been a truly wonderful journey of discovery for the children as they explored the world around them through meaningful, hands-on learning experiences. They enthusiastically engaged in activities that sparked curiosity and excitement; from learning about the classes of food, to exploring animals under the sea, and embarking on imaginative cultural explorations. The children embraced each lesson with joy and eagerness.

Throughout the term, the children have participated in a variety of fun and interactive activities. They created Valentine's Day crafts, and prepared for cultural presentations featuring songs and dances from different continents. Through games, arts and crafts, and sensory story time, the children had many opportunities to develop their creativity, confidence, and social skills.

One of the highlights of this first half of the term was Parents' Day, which was a great success. It was truly heartwarming to welcome parents and share in the progress and strides the children have made in their learning journey.

As we continue this exciting term, we look forward to even more fun, learning, and growth in the weeks ahead, made possible through the continued encouragement and support of our amazing parents.

Please note that our Cultural Day will hold at the Muson Centre Agip Hall on Friday March 6th, 2026.

Please do not hesitate to contact the school via info@footstepsedu.com should you have any questions or require further information.

Kindly read the note from your child's teacher below.

TWEETY NEWSLETTER

Dear Tweety Parents,

It's been an amazing month!

The children continue to enjoy coming to school each morning and actively participate in daily activities. They have explored new and interesting concepts in numeracy, literacy, as well as colours and shapes. Through a variety of hands-on and interactive activities, they continue to show great enthusiasm and growing confidence in their learning.

In Understanding the World, the children enjoyed learning about people's ways of life. They are beginning to understand that people may dress, dance, speak, and eat different kinds of food.

In Science, our focus was on food groups. The children learned about healthy and unhealthy foods through engaging sensory play, which helped them understand the different classes of food and the importance of eating a balanced diet.

As part of our project theme, the children also explored sea animals, both big and small. This sparked their curiosity and led to exciting discussions during class activities.

Pyjamas Day was a wonderful and memorable experience for everyone. The children learned about day and night routines through role play, games, songs, and bedtime stories. They also practised kindness and generosity by learning to share and give. As part of our Valentine's Day celebration, the children thoughtfully made cards for their mummies and daddies.

A big thank you to all parents, we truly appreciate your continued support in your children's learning journey.

Warm regards,
The Tweety Team

MICKEY NEWSLETTER

Dear Mickey Parents,

It has been an amazing time learning in Mickey Class. The children have enjoyed many fun-filled activities, especially around our theme on culture, and they have made great strides in their learning. They have become more expressive and are developing friendships as they play, work, and learn together.

In the next months, we will continue to strengthen the foundation laid across all subject areas, enhance problem-solving skills, and explore new and exciting concepts.

We appreciate your continued cooperation and look forward to a more productive term as we work together to support the children on their learning journey.

Warm regards,
Mickey Class Team

MINNIE NEWSLETTER

Dear Parents,

The first half of the term has been truly fun-filled. The children come in joyfully each morning, full of anticipation for a great day at school.

They are growing into confident and enthusiastic learners, enriching their knowledge through concepts such as culture, classes of food, the ocean, simple addition, telling the time, initial sounds, sight words, blending, shades of colours, polygons, and much more.

Pyjamas Day and our mini Cultural Day in class were awesome and thrilling experiences for the children. Our Class Talent Hunt was also a highlight, as the children confidently performed solo and trio group singing, making the event both fun and memorable.

The children continue to have fun, enrich their knowledge, and build healthy relationships with one another.

We sincerely appreciate your continual support.

Warm regards,
Minnie Team

BARNEY NEWSLETTER

Hello Barney Parents,

It has been a really exciting month of learning this February.

The children made exciting new discoveries about the rich cultures within our country, exploring traditions passed down from time immemorial. They learned about traditional fashion, unique hairstyles, and vibrant music that reflect our diverse heritage.

In addition, they were introduced to the basic rules of basketball. It was truly delightful to watch their enthusiasm and determination as they eagerly attempted to shoot the ball into the hoop during lessons.

In Science, the children discovered that fish is a great source of healthy fats that support brain development and good vision. They were encouraged to try eating fish just as they do chicken, and many showed enthusiasm during discussions.

We also had meaningful conversations about being polite and helpful to those around us. It has been wonderful to see the effort the children put into caring for and looking out for one another.

We look forward to a wonderful time learning, working, and playing together in March.

Warm regards,
Barney Team

GOOFY NEWSLETTER

Dear Parents,

February has been a vibrant and enriching month in our class. The children thoroughly enjoyed learning about culture, exploring traditional attires, music, language, food, and folktales through engaging, hands-on activities. These experiences supported their understanding of the wider world while nurturing respect for cultural diversity within our community.

Our classroom was filled with excitement as the children joyfully celebrated culture together. They took great pride in dressing up and participating in cultural songs and simple dances. It was wonderful to see their confidence shine as they expressed what they had learned.

Valentine's Day was also warmly celebrated as the children explored themes of kindness, friendship, and appreciation through creative crafts, group activities, and thoughtful gestures. The atmosphere was filled with joy, cooperation, and genuine care for one another.

In addition, preparations for our upcoming Cultural Day are well underway. The children have been practising enthusiastically for their presentations and are eagerly looking forward to sharing their learning with you very soon. Their excitement and dedication have been truly delightful to observe.

Thank you, as always, for your continued support.

Warm regards,
Goofy Team

Little Tummmies, Big Energy! 🍏🥕

What our children eat plays a significant role in how they feel, grow, and learn each day. A balanced diet supports their energy levels, concentration, and immune system, helping them remain active, happy, and ready to learn.

Nutritious foods like fruits, vegetables, whole grains, and proteins help build strong bodies and growing minds, while too much sugary or highly processed food can lead to tiredness and reduced focus.

Lunchbox Ideas for Healthy Learners:

- Fresh fruits (banana, apple slices, watermelon, orange segments)
- Whole-grain sandwiches or wraps with eggs, chicken, fish, or beans
- Boiled eggs, yoghurt, or cheese portions
- Homemade snacks like puff-puff (low sugar), chin-chin (small portions), or oat bars
- Plenty of water to stay hydrated

At FOOTSTEPS, we encourage healthy eating habits and appreciate your support in making nutritious choices. Healthy lunchboxes help our children play better, learn more, and feel their best!
